AutoDesk, Revit 2020

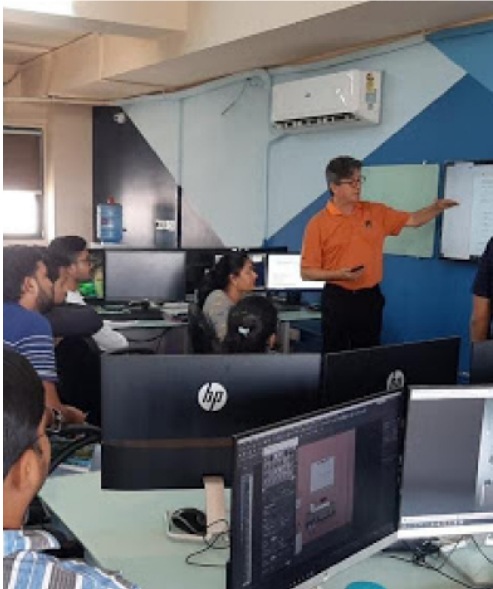

ISP is looking forward to the construction of this house in Colorado

The design and architecture of this wonderful house is bound to generate great reviews within the architectural community in Colorado. The current residence at this location will be demolished soon and a brand new house will be constructed. Priyanka Patel & team from ISP worked under the guidance of Ar. Nick Miscione to create wonderful architectural drawings and 3D Renderings.

ISP Clients visit Surat, India offices

Ar. Orlando Matta (Bogotá, Colombia) is shown here working with his team. Other pictures show that he and his family are enjoying the great Indian Cultural festival of 'Navratri'. The last picture shows their family relishing the delicious 'food of Surat'.

Ar. Nick Miscione (CEO & Founder of Miscione Design Studio) was here as well and he spent his time majorly bonding & planning his way forward with team members. He visited one of India's historic places - the Gandhi Smarak (monument) at Dandi.

Jeremy Hatfield (CEO & Founder of ALPHA MEP Engineering) touched base with his MEP team. He also visited the "Statue of Unity" - the world's tallest statue (height:597 ft) which is located at Narmada Valley in Kevadiya Colony of Gujarat.

If your team is interested in visiting us, let the Account Representative know.

Motorcycle Trip

(From right to left: Dwight Maximum Awesome, CEO Mitesh Smart, Gerry O'Brion, Tour Guide- Saurav Mahawar)

Dwight Awesome, a well known network security advisor visited us in the latter half of this quarter. He reviewed ISP's network and advised measures for improving network efficiency.

Gerry O'Brion, former VP of Marketing for Coors Brewing and one of the well known marketing keynote speakers, trained the ISP Marketing Team on his branded strategy "Learn your Because". With his guidance, ISP marketing team will definitely be able to guide their clients even better.

Later, Mitesh, Gerry and Dwight embarked on an adventurous motorcycle journey through the historic state of Rajasthan.

Who is working on a cool new project?

Team Spotlight

(From right to left: Bhargav, Dhaval, Sagar, Vidhi, Tanvi, Shraddha, Shreya)

The quarter saw Vidhi and team hitting their targets and exceeding their goals. The team ramped up a new speculative type of house architecture and also they have worked on enriching the different interiors.

(Location: Florida, USA)

ISP Highlights and other cool stuff

The Joy of Gifting: A Christmas Wish for Betterment

(CSR activity at Government School No. 139, Surat, Gujarat, India)

Because we act responsibly! In the true spirit of bringing cheer, which is really the cornerstone of Christmas celebrations, ISP went out to spread joy amongst underprivileged children. ISP organized a Christmas celebration for the children of Government School in Surat. A team of 100 ISPIans was deputed to different classrooms and the children played the games designed specifically for the purpose of educating them and that motivated self learning and problem solving skills. The little ones of the school were treated with some gifts, delicious goodies and sweets.

The 'Joybox'

(Location: Camp Dilli, Vadodara, Gujarat, India)

It is an initiative to promote empathy and cooperation in our work culture. This time, the selected employees of the Joybox group, which comprises people, specially nominated by coworkers for their help and work, went to an exotic camping place at 'Camp Dilly'.

Adding a Scoop of Happiness: 'Ice cream Walkathon'

Sharing mood twisting yumminess, we had a Walkathon - 'A crazy sugar-free ice cream march'. The amazing march spread awareness with placards having slogans to promote good food habits. It was fun all the way.
