

### RFIs for Timely Project Completion

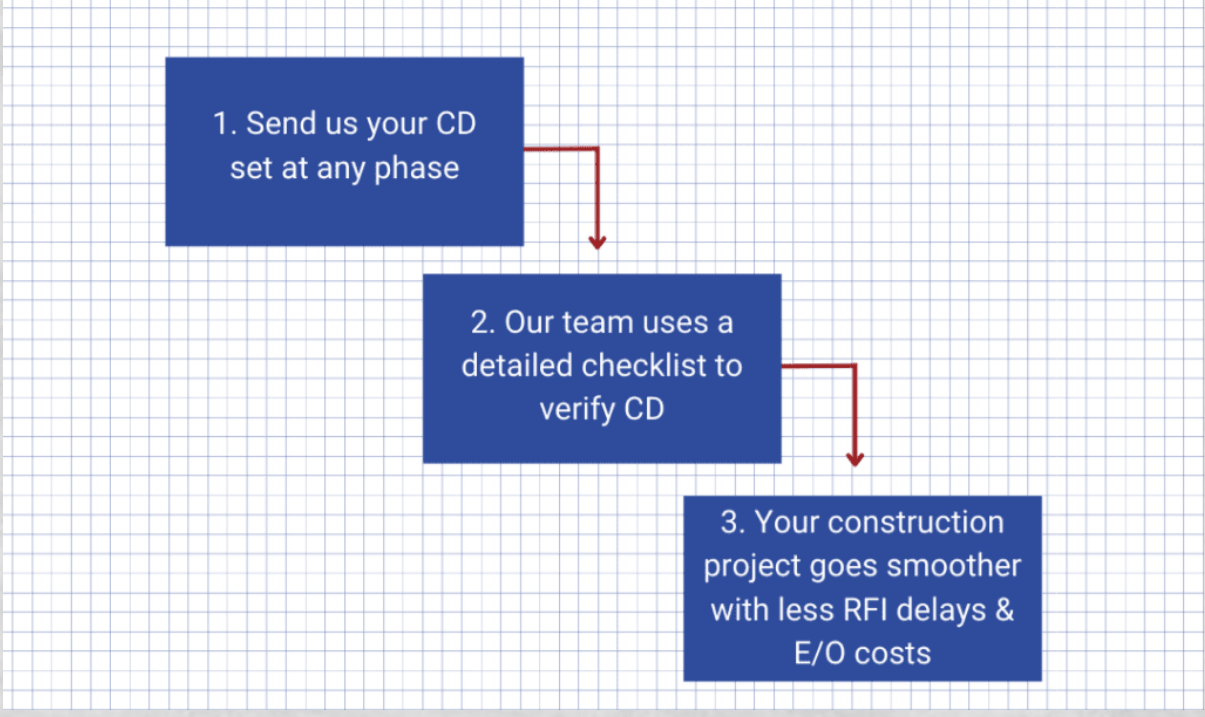

**We review everything:**

- General & Title Sheets
- Life Safety Sheets
- Civil
- Landscape
- Demolition
- Architectural
- Structural
- Electrical
- Plumbing
- Mechanical
- Millwork and Details
- Fire Protection
- Fire Alarm
- Technology
- AV/ Security

When it comes to delivering top-notch AEC projects, every business has a duty to make sure their customers get the absolute best designs, you know? However, keeping that quality in-house can be a real pain and a wallet-drainer. That's where ISP's third-party quality control services for your architectural, BIM, or MEP projects step in. Our QC team is on top of it, spotting and reporting any coordination hiccups, making sure your project stays on track and doesn't break the bank. Plus, they're pros at churning out RFIs. Let our QC experts level up your cost-savings game!

### How We Work

### Navratri Celebration at ISP

ISP's architects and engineers recently had a blast at one of the lively events in Surat, Gujarat, where they got to groove to the beats of Garba. For those unfamiliar, Garba is a traditional dance and music form that's an integral part of Navratri celebrations in the vibrant Gujarat region of India.

Some of us celebrated Halloween Garba. Watch the video here:

### We're All Trained by USA Architects & Engineers

Streamline your AEC projects with the right team members!

### India: Host Nation of ICC Cricket World Cup 2023

The long-awaited Cricket World Cup 2023 India edition has officially begun, drawing fans from around the world to celebrate the sport. In India, sports aren't just a pastime or a hobby. They're a big deal. Cricket, especially, is more than just a game – it's an emotion that sweeps across the entire nation like wildfire. The ICC Cricket World Cup 2023 marks the 13th edition of this quadrennial One Day International cricket tournament, which has been organised by the International Cricket Council. The Cricket World Cup 2023 kicked off on 5th October and is scheduled to end on 19th November 2023. Ten national teams are participating in this prestigious event: Afghanistan, Australia, Bangladesh, England, India, Netherlands, New Zealand, Pakistan, South Africa, and Sri Lanka. These teams earned their spots through the rigorous Cricket World Cup 2023 qualification process, with the West Indies missing out for the first time in their history. The defending champions are England, who clinched the title in the 2019 edition by defeating New Zealand in a thrilling final. India currently holds the top spot in ICC 2023, having not lost a single match.
